Dear Sirs;

RE:Docket No-E-01032C-OO-0754 AZ CORP COMMISSION  
DOCUMENT CONTROL

I am writing in regards to the rate increase that Citizens Utilites wishes to put into effect on our electric service in Mohave County. As they have a monopoly, we have no other choices for electric services. Kingman is basically a city of retired people, and our incomes are surely fixed, and there is no way we can increase them as we become a certain age.

We implore you to put a lid on their raises, as we do not feel it is fair, as they never had their rate audit even, as they were supposed to do.

The ACC has always been very fair with their decisions, we do hope you will take this issue under consideration for the senior citizens of this city..

Sincerely,  
Mrs. Verlyn Rodenbaugh

*Mrs. V. Rodenbaugh*

P.S. We have been consumers of Citizens Utilities for over 30 Years.
